Triumph Bonneville

2018-03-16

there are lots of books about the triumph bonneville about its history performance lineage and the minutiae of its specification but none of them tell you what to look for when buying one secondhand that's what this book is about it aims to be a straightforward practical guide to buying a used bonnie it won't list all the correct colour combinations for each year or analyse the bike's design philosophy or consider its background as part of a troubled industry there are excellent books listed at the end of this one which do all of that but hopefully it will help you avoid buying a dud point by point it takes the reader through everything that needs looking at when buying a bonnie plus spares prices which is the best model to buy for your needs a look at auctions restorations and paperwork over 29 years in production the bonneville is for some the definitive postwar british vertical twin perhaps even the definitive british bike of all time with all its strengths weaknesses and character although there might seem to be a wide range of models and special editions all are based around the same 649cc or 747cc vertical twin there were plenty of changes over the years but none of them changed the basic format of this classic british bike aside from all the history the bonneville remains a tremendous classic to own so long as you're prepared to look after it the last bonnies truly deserve the term practical classic whichever one you choose it should be fast agile and good looking and on a twisty english b road there's nothing like a bonnie one hundred colour photos useful appendices and expert advice mean this book could save you thousands

The Triumph Bonneville Bible (59-88)

2022-02-22

this is a meticulously detailed history of the triumph bonneville its antecedents how it came about and year by year production changes with detailed technical specifications and contemporary road test reports showing how the bonneville compared with its rivals however the history of the bike cannot be separated from the turbulent story of the company that built it triumph went from huge successes in the 1960s when the bonneville conquered north america to troubled times in the early 1970s leading to the formation of the workers co operative that heroically kept the bonneville alive for a further nine years all this is covered here plus details on how triumph spares producer les harris took over production into the late 80s unlike other bonneville books this one also tells you how to buy one of these iconic bikes secondhand all the pitfalls what to look for and what they are really like to live with whichever one you choose it should be fast agile and good looking on a twisty country road there s nothing like a bonnie and with information on clubs websites spares and the latest modifications and upgrades this book will help you get the one you deserve featuring comprehensive appendices of facts figures contacts technical specifications including correct colours for each year engine frame numbers and road test performance figures this is the definitive book of a bike that truly deserves the term practical classic
