Texas Parks & Wildlife 2009

the spectacular true story of a scrappy teenager from new york s lower east side who stowed away on the most remarkable feat of science and daring of the jazz age the stowaway is a thrilling adventure that captures not only the making of a man but of a nation david grann bestselling author of killers of the flower moon it was 1928 a time of illicit booze of gatsby and babe ruth of freewheeling fun the great war was over and american optimism was higher than the stock market what better moment to launch an expedition to antarctica the planet s final frontier everyone wanted in on the adventure rockefellers and vanderbilts begged to be taken along as mess boys and newspapers across the globe covered the planning s every stage and then the night before the expedition s flagship set off billy gawronski a mischievous first generation new york city high schooler desperate to escape a dreary future in the family upholstery business jumped into the hudson river and snuck aboard could he get away with it from the soda shops of new york s lower east side to the dance halls of sultry francophone tahiti all the way to antarctica s blinding white and deadly freeze author laurie gwen shapiro narrates this period piece with gusto los angeles times taking readers on the novelistic the new yorker and unforgettable voyage of a plucky young stowaway who became a roaring twenties celebrity a mascot for an up by your bootstraps era

Astronomical Observations Made at the U. S. Naval Observatory 1867

fugitive slaves were reported in the american colonies as early as the 1640s and escapes escalated with the growth of slavery over the next 200 years as the number of fugitives rose the southern states pressed for harsher legislation to prevent escapes the fugitive slave act of 1850 criminalized any assistance active or passive to a runaway slave yet it only encouraged the behavior it sought to prevent friends of the fugitive whose previous assistance to runaways had been somewhat haphazard increased their efforts at organization by the onset of the civil war in 1861 the underground railroad included members defined stops set escape routes and a code language from the abolitionist movement to the zionville baptist missionary church this encyclopedia focuses on the people ideas events and places associated with the interrelated histories of fugitive slaves the african american struggle for equality and the american antislavery movement information is drawn from primary sources such as public records document collections slave autobiographies and antebellum newspapers

Astronomical and Meteorological Observations Made During the Year ... at the United States Naval Observatory 1867

originally published by penguin ltd this revised edition features unusual egyptian artwork striking pictures of eclipse phenomena numerous sky charts and computer printouts

Astronomical, Magnetic and Meteorological Observations Made at the United States Naval Observatory 1867

in a speech to the united nations general assembly in september 1961 president john f kennedy told his audience that every man woman and child lives under a nuclear sword of damocles hanging by the slenderest of threads in this sweeping immersive and now chillingly relevant history of nuclear confrontation eminent historian and diplomat rodric braithwaite offers the tale of that slender thread a tale that spans from the dropping of the atomic bomb on hiroshima and nagasaki in august 1945 into the present here is an account of treaties and summits of life and death strategy among nations featuring a vast and varied cast of individuals scientists spies diplomats generals politicians shamans writers geniuses the hight minded and the crackpot all ow whom played their part in shaping the nuclear age as this book shows containing atomic weapons has been a central preoccupation of global politics and policy for the last seven decades in the years after world war ii atomic weapons were initially controlled only by the superpowers first the united states followed shortly by the former soviet union mainly by having infiltrated the manhattan project then developed in succession by england france china india and pakistan in recent years north korea has developed a nuclear weapons program and is now developing the means of delivering them nuclear proliferation has long dominated and even obsessed international diplomacy and policy particularly as the capacity to unleash catastrophic destruction became widespread braithwaite offers an overview of policy from the cold war reliance on what was termed deterrence a policy of mutually assured destruction mad to the armageddon theology of ronald reagan to the de alerting of nuclear weapons promised by both george w bush and barack obama to the fire and fury driving the current war of tweeted insults for nearly three quarters of a century nuclear weapons have shadowed human existence moving from crisis to quiescence and back to crisis armageddon and paranoia comes at a time when tensions are mounting once more though we cannot un invent the atomic bomb braithwaite s clear sighted and illuminating history provides a deeper understanding of how it has shaped the world in which we live dust jacket
