Blue Lard 2024-02-20

the russian master s most infamous novel a dystopian fever dream about cloning alternative histories and world domination vladimir sorokin s blue lard is the most iconic and iconoclastic russian novel of the last forty years thanks in part to its depiction of stalin and khrushchev having sex which inspired a putinist youth group to throw shredded copies of the author s books into an enormous toilet erected in front of moscow s bolshoi theater blue lard is the novel that tore sorokin out of the moscow conceptualist underground and into the headlines the book begins in a futuristic laboratory where genetic scientists speak in a joycean dialect of russian mixed with chinese peppered with ample neologisms and work to clone famous russian writers who are then made to produce texts in the style of their forebears the goal of this script process is not the texts themselves but the blue lard that collects in the small of their backs as they write this substance is to be used to power reactors on the moon that is until a sect of devout nationalists breaks in to steal the blue lard planning to send it back in time to an alternate version of the soviet union one that exists on the margins of a europe conquered by a long haired hitler with the ability to shoot electricity from his hands what will come of this blue lard who will finally make use of its mysterious powers blue lard is a stylistically acrobatic book translated by max lawton into an english idiom just as bizarre as the russian original evoking both pulp fiction and the masterpieces of the marquis de sade sorokin s novel is a brutal heady trip that annihilates all of its twentieth and twenty first century competition in the russian canon and that annihilates russia itself in a resounding act of heavy metal dissidence

The Advanced Pilot's Flight Manual 2020-04-20

ebundle printed book and ebook download code the commercial license preparation manual from kershner s the flight manuals series updated and edited by his son william c kershner the advanced pilot s flight manual has long been a standard reference for pilots transitioning to advanced models and types and preparing for the commercial pilot knowledge and flight tests this book bridges the gap between theory and practical application covering the fundamentals of airplane aerodynamics and aircraft performance rules of thumb are used throughout as a means of presenting a clearer picture of the recommended performance parameters and increasing understanding of the variable factors that affect aircraft operations such as altitude and temperature knowledge of these thumb rules will enable pilots to maximize performance when operating faster aircraft and at higher altitudes chapters are dedicated to airplane performance and stability for pilots checking out in advanced models and types emergencies and unusual situations advanced navigation high altitude operations preparing for the commercial knowledge and practical tests

The Big Book of Exit Strategies 2016-04-18

praise for jamaal may linguistically acrobatic and beautifully crafted jamaal may s poems exquisitely balanced by a sharp intelligence mixed with earnestness makes his debut a marvel publishers weekly following jamaal may s award winning debut collection hum 2013 these new poems explore parallel landscapes of the poet s interior and an insidious american condition using dark humor that helps illuminate the pains of maturity and loss of imagination may uncovers language like a skilled architect digging up bones of the past to expose what lies beneath the surface of the fragile human condition from ask where i ve been ask about the tornado of fists the blows landed if you can watch it all the spit and blood frozen against snow you can probably tell i am the too narrow road winding out of a crooked city built of laughter abandon feathers and drums ask only if you can watch streetlights bow bridges arc and power lines sag and still believe what matters most is not where i bend but where i am growing jamaal may is a poet editor and filmmaker from detroit michigan where he taught poetry in public schools and worked as a freelance audio engineer and touring performer his poetry won the 2013 indiana review poetry prize and appears in journals such as poetry ploughshares the believer ner and the kenyon review may has earned an mfa from warren wilson college as well as fellowships from cave canem and the stadler center for poetry at bucknell university he founded the organic weapon arts chapbook press

Whale Done! 2003-02-03

a compendium of straightforward techniques on how to accentuate the positive and redirect the negative increasing productivity at work and at home what do your people at work and your spouse and kids at home have in common with a five ton killer whale probably a whole lot more than you think according to top business consultant and mega bestselling author ken blanchard and his coauthors from seaworld in this moving and inspirational new book blanchard explains that both whales and people perform better when you accentuate the positive he shows how using the techniques of animal trainers specifically those responsible for the killer whales of seaworld can supercharge your effectiveness at work and at home when gruff business manager and family man wes kingsley visited seaworld he marveled at the ability of the trainers

to get these huge killer whales among the most feared predators in the ocean to perform amazing acrobatic leaps and dives later talking to the chief trainer he learned their techniques of building trust accentuating the positive and redirecting negative behavior all of which make these extraordinary performances possible kingsley took a hard look at his own often accusatory management style and recognized how some of his shortcomings as a manager spouse and father actually diminish trust and damage relationships he began to see the difference between gotcha catching people doing things wrong and whale done catching people doing things right in whale done ken blanchard shows how to make accentuating the positive and redirecting the negative the best tools to increase productivity instead of creating situations that demoralize people these techniques are remarkably easy to master and can be applied equally well at home allowing readers to become better parents and more committed spouses in their happier and more successful personal lives

The Thinking Pilot's Flight Manual 2015-08-28

volume 2 of the thinking pilot s flight manual carries on the widely praise penetrating and clear headed approach of volume i addressing matters of importance to pilots that ordinary flight training manuals never tough it delves into everything from the realities of making the go no go decision during the takeoff roll nailing spot landings which emergencies to practice and how to take babies and kids flying it explores how we scare our passengers without realizing it ifr training in imc and takes a hard look at spin training rick durden is one of three 2015 recipients of the endeavor award honoring volunteer pilots who have made significant contributions to flying to serve the public for 25 years he has made flights in remote areas of the u s and central america in support of conservation he is an airline transport rated pilot with experience in over 200 types of airplanes a practicing aviation attorney who has been involved in hundreds of aircraft accident cases writer aviation magazine editor safety counselor and flight instructor

Kama Sutra Step by Step 2009-05-18

this is my story the story of a pilot who flew airplanes for some thirty seven years ten years in the united states air force primarily in jet fighters and then twenty seven years flying commercial jet airliners i was inspired to write this story after reading the autobiography a few years ago of gen chuck yeager he being the world renowned test pilot world war ii fighter ace and first man to break the sound barrier in the bell x 1 my story is the story of an average pilot an average guy who survived several close calls had many interesting experiences along the way and often wondered am i still here because i was especially good or because i was especially lucky i think the answer is definitely a combination of the two just as yeager says or implies in his book with him it may have been a larger contribution of skill but as he said the secret of my success is that i always managed to live to fly another day i have to echo that comment while flying around the country with american airlines during hours of complete boredom as we say we pilots often traded our war stories of our flying and other experiences i often thought that i had many tales that were similar to some of yeager s and that i should put my experiences down on paper even if it would only be my family who might read it so this then is my story my life primarily as it revolved around my aviating experiences over some thirty seven years from the viewpoint of a pilot who has no particular claim to fame but who has survived to fly another day one of the best descriptions of a flying career says you start out with a big bag of luck and an empty bag of experience you want to fill the bag of experience before you empty the bag of luck i guess i have done that

A Pilot's Story 2012-08

their willingness to pay any price to uphold the honour and integrity of their air force meant an uphill battle against bigotry difficult conditions of work and outdated equipment however showing tremendous fortitude harjinder and his men took the fight to the enemy and rose splendidly to the occasion be it the formidable japanese the mighty germans or the resolute tribal warriors none could break the spirit of these airborne indians it is a story of relentless adventure journeying from the scrublands of the north western frontier to the jungles of burma to the uk on the eve of d day and to the corridors of power in an independent india the resourcefulness of the indians and their sheer skill and determination meant that they could overcome the myriad of challenges thrown at them much to the surprise and dismay of some officers of the raj it is a story of mutual respect forged and strengthened across lines of religion caste creed and race as the indian s undeniable courage and resilience won even the hearts and minds of their british counterparts and one man was the center of it all harjinder s is a life of intense friendship of great ingenuity and of hard work and dedication interspersed with the humor and merriment that is ever present in the military environment it was a bottom to top career for the lowly hawai sepoy who went on to become

one of the top officers of the iaf he is credited with the endeavor to make the indian air force self reliant and designed built and test flew two different aircraft to prove his point he was one of the driving forces behind making the indian air force the 4th largest in the world an astonishing feat given the twin challenges of nation building and partition thus the only disgrace to emerge from this book is how harjinder s story could remain untold for so long

A Gift of Wings 1989

in this intoxicating stream of consciousness novel mieko kanai tackles the existential traps of motherhood marriage and domestic captivity the apparently unremarkable natsumi lives in a modern tokyo apartment with her husband and two sons she does the laundry goes to the supermarket visits friends and gossips with neighbors tracing her conversations and

interactions with her family and friends as they blend seamlessly into her own infernally buzzing internal monologue mild vertigo explores the dizzying reality of being unable to locate oneself in the endless stream of minutiae that forms a lonely life confined to a middle class home where both everything and nothing happens with shades of clarice lispector elena ferrante and kobo abe this verbally acrobatic novel by the esteemed novelist essayist and critic mieko kanai whose work enjoys a cult status in japan is a disconcerting and radically imaginative portrait of selfhood in late stage capitalist society

Mild Vertigo 2023-05-02

to build a good house it must first have a solid foundation the same principles apply when making laminated pastry products my book the art of lamination is built on a solid knowledge of understanding the recipes methods processes and ingredients required to make the finest laminated viennoiserie possible this book is the culmination of seven years of research in particular it was my chosen subject during my masters degree studies as an international competitor lecturer businessman and international jury member i have witnessed the work of exceptional craftsmen and carefully documented procedures and practices in my business i was able to try the latest cutting edge techniques and sell beautiful products to my customers in my role as a lecturer at tu dublin i generated much new class content and took note of the most common problems encountered by students in pastry making and also the questions asked by my students i identified and documented all the stages of production of laminated pastry and engaged in problem solving for students and bakers during my masterclasses in foreign countries the result is a clearly explained road map how to plan and execute perfect pastry i explain some of the basic lamination systems used in industry with a modern twist and take the reader through a step by step approach on how to become proficient at making laminated viennoiserie in my capacity as a jury member at the world championships i have witnessed as close to perfection as is possible to make beautiful products many of the more advanced products in the book have been inspired directly by my observations over the past 25 years of competitive baking at the cutting edge of creativity this book will serve as an essential guide for students bakers pastry chefs home bakers and hobbyists i include detailed process notes for both commercial bakers using mechanical sheeters and home bakers and students who want to make laminated pastry at home i have stripped down the procedures of laminated pastry production to the very basics building on that knowledge and adding more advanced levels throughout the book i hope my book will both educate and inspire you the readers now and in your future baking

The Martial Arts of Indonesia 2021-03-23

from the bestselling two time pulitzer prize winning author of the underground railroad and the nickel boys a novel that is funny and wise and sumptuously written jonathan franzen the new york times book review colson whitehead s triumphant

novel is on one level a multifaceted retelling of the story of john henry the black steel driver who died outracing a machine designed to replace him on another level it s the story of a disaffected middle aged black journalist on a mission to set a record for junketeering who attends the annual john henry days festival it is also a high velocity thrill ride through the tunnel where american legend gives way to american pop culture replete with p r flacks stamp collectors blues men and turn of the century song pluggers john henry days is an acrobatic intellectually dazzling and laugh out loud funny book that will be read and talked about for years to come look for colson whitehead s new novel crook manifesto coming soon

The Art of Lamination 2020-08-20

a handsome digest of commercial tribal and folk textiles fiberarts the production of textiles in india continues to flourish just as it has for many centuries the interactions of indigenous tribes invaders traders and explorers throughout history has built a culture legendary for its variety and color from the rann of kutch to the coromandel coast handloom weavers block printers painters dyers and embroiderers are creating the most extraordinary textiles this all encompassing survey of textiles from every region of the indian subcontinent runs the gamut of commercial tribal and folk textiles the authors first place them in context by examining the cultural background the history the materials and the techniques weaving printing painting and tie dye they then give a detailed region by region account of traditional textiles production including chapters on pakistan bangladesh and sri lanka a dazzling array of images provides an unsurpassed visual representation of the textiles while a detailed reference section with further reading museums and information on technical terms completes this essential guide

John Henry Days 2001

the phrase jazz dance has a special meaning for professionals who dance to jazz music they use it to describe non tap body movement and another meaning for studios coast to coast teaching modern jazz dance a blend of euro american styles that owes little to jazz and less to jazz rhythms however we are dealing here with what may eventually be referred to as jazz dance and we could not think of a more suitable title the characteristic that distinguishes american vernacular dance as does jazz music is swing which can be heard felt and seen but defined only with great difficulty from the introduction
