Cleared for Takeoff Aviation English Made Easy 2016-02-08 take off almost a ton of inert matter transformed by the pilot as it lifts off the runway into a thing of spirit and beauty take off lifting one's shadow off the earth entering a new element where movement is the very condition for existence for as the author observes in life to choose the wrong wife or the wrong lift is conventionally viewed as being matters of varying gravity but in piloting an aircraft an act of petty oversight due to the obvious but decisive fact that in flight there can be no stopping could be fatal whether he is reliving his first solo flight or a frightening experience as he pilots a light aircraft through storm clouds his training and his instincts constantly at odds or the mysterious loss of an airliner on an internal flight or the brief adrenaline charged lives of italian torpedo bombers in world war two del giudice focuses on the edge of experience in which a person learns to take nothing but nothing for granted while take off has much of the charm humour and poetry to be found in the best of saint exupéry whose last flight is evoked in the final chapter it will also remind the reader of robert pirsig's classic zen and the art of motor cycle maintenance by its close focus on the question of how the mind approaches problem solving winner of the bagutta campiello and international flaiano prizes

Take-Off 2011-08-31 this story is to give all readers another set of eyes to see from and they're my eyes we all wear masks and don't even know it lets enjoy the journey together
