English Private Law 2007

following its publication in 2000 this work quickly established itself as a key point of reference on english private law for lawyers in the uk and throughout the world the book acts as an accessible first point of reference for practitioners approaching a private law issue for the first time whilst simultaneously providing a lucid concise and authoritative overview of all the key areas of private law each section is written by an acknowledged expert using their experience and understanding to provide a clear distillation and analysis of the subject this new edition includes all the recent developments since the publication of the first edition and the two supplements the last of which published in 2003 it has also been expanded to include coverage of a number of key areas that were previously not addressed including insurance banking and carriage of goods by land and air in addition the chapters on land and companies have undergone extensive revision and the section on civil procedure has been fully revised to reflect current law and practice no other single text provides such comprehensive and lucid coverage of the whole of english private law as this one it has come to be regarded as an essential item for every law library reflecting its appeal to both english practitioners and those working in other jurisdictions at the same time the book s depth of analysis combined with its ease of reference make it a favorite among academics and students worldwide

Kelly's directory of Berkshire, Bucks and Oxon 2017

written with the busy practitioner in mind this concise and insightful book sets out the principles that guide the courts in interpreting contracts each principle is covered in its own dedicated chapter supported by case law which illustrates how the principle works in practice and in its wider context in addition to interpretation of contracts the book also considers the implication of terms rectification and estoppel by convention this new edition considers the implications of key decisions of the supreme court in arnold v britton and marks spencer v bnp paribas and bny mellon v lbg capital other writing including from judges writing extra judicially is also analysed this book provides an invaluable reference for lawyers drafting interpreting and litigating on contracts

Principles of Contractual Interpretation 2012-11-29

a restatement of the english law of unjust enrichment represents a wholly novel idea within english law designed to enhance understanding of the common law the restatement comprises a set of clear succinct rules fully explained by a supporting commentary that sets out the law in england and wales on unjust enrichment written by one of the leading authorities in the area in collaboration with a group of senior judges academics and legal practitioners the restatement offers a powerfully persuasive statement of the law in this newly recognized and uncertain branch of english law many lawyers and students find unjust enrichment a particularly difficult area to master combining archaic terminology with an historic failure to provide a clear conceptual structure the law remained obscure until its recent rapid development in the hands of pioneering judges and academics the restatement builds on the clarifications that have emerged in the case law and academic literature to present the best interpretation of the current state of the law the restatement will be accessible to and of great practical benefit to students academics judges and lawyers alike as they work with this area of law the text of the restatement is supported by full commentary explaining its provisions and roots together with its application to real and hypothetical cases the restatement appears as european private law takes its first steps towards harmonization in providing an accessible survey of the english law the restatement will offer an important reference point for the english position on unjust enrichment in the harmonization

debates also appearing shortly after the united states third restatement on restitution and unjust enrichment this restatement offers an interesting contrast with american law in this area

A Restatement of the English Law of Unjust Enrichment 1939

mapping the law covers topics such as aspects of unjust enrichment tracing damages compensation undue influence property law insolvency equity trusts roman law legal history this collection of essays on private law legal history celebrates the life work of peter birks

Kelly's Directory of Berkshire, Buckinghamshire and Oxfordshire 2006

this topical title explains the circumstances in which a creditor of an insolvent debtor can take priority over other creditors by claiming a proprietary interest in assets held by the debtor it focuses on the situation where the proprietary interests are created by operation of law or implied from the arrangements between the parties rather than by express transfer or taking of security the book clarifies the current state of the law in an important area of insolvency law especially in times of economic crisis where the law is not settled taking into account the latest developments in case law and suggesting how it might be simplified by going back to first principles such as the way proprietary interests are transferred at common law and in equity the book concerns both insolvency law and property law being essentially concerned with the limits of the law of property marking out its boundary with the law of obligations it is of particular importance in common law systems because of the nature of equitable proprietary interests and includes reference to commonwealth authorities where relevant including australia new zealand and canada this work provides a structured and principled analysis of the topical and important area of creditors proprietary rights in the event of insolvency of a debtor provided by publisher

Mapping the Law 2016

explores best practices in the governance of data and technology in a variety of cities and public spaces

The Future of the Natural Gas Market in Southeast Europe 2002

the global financial and economic crisis which started in 2008 has had devastating effects around the globe it has caused a rethinking in different areas of law and posed new challenges to regulators and private actors alike one of the emerging issues is the apparent eclipse of boundaries between different legal disciplines financial and corporate lawyers have to learn how public law instruments can complement their traditional governance tools conversely public lawyers have had to come to understand the specificities of the financial markets they intend to regulate while commentary on financial regulation and the global financial crisis abounds it tends to remain within disciplinary boundaries this volume not only brings together scholarship from different areas of law constitutional and administrative law eu law financial law and regulation but also from a variety of backgrounds academia practice policy making and a number of different jurisdictions the volume illustrates how interdisciplinary scholarship belongs at the centre of any discussion of the economic crisis and indeed regulation theory more generally this is a timely exploration of cutting edge issues of financial regulation

The Law of Restitution 2004

first published in 2004 english public law has become the key point of reference on english public law for lawyers in the uk and throughout the world now in its second edition the book acts as an accessible first point of reference for practitioners approaching a public law issue for the first time while simultaneously providing a lucid concise and authoritative overview of all the key areas of public law constitutional administrative human rights and criminal law within one single portable volume the second edition has been completely updated to take account of all key legislative and procedural changes since 2004 including the constitutional reform act 2005 recent higher courts decisions concerning public law and human rights the criminal procedure rules 2005 written and edited by a team of acknowledged experts on english law the book offers proven reliability and as part of the oxford principles of english law series is the companion volume to the second edition of english private law edited by professor andrew burrows fba the book is an ideal quick reference for practitioners to fall back on when a client raises a point outside their normal area of expertise as well as for academics overseas libraries and practitioners overseas who want a one stop resource on english public law a supplement published between editions will ensure that the book is kept up to date

Remedies for Torts and Breach of Contract 1994

today the majority of the armed conflicts around the world are fought between states and armed groups rather than between states this changed conflict landscape creates an imperative to clarify the obligations of armed groups under international law while it is generally accepted that armed groups are bound by international humanitarian law the question of whether they are also bound by human rights law is controversial this book brings significant new understanding to the question of

whether and when armed groups might be bound by human rights law its conclusions will benefit international law academics legal practitioners and political scientists and anthropologists working on issues related to rebel governance and civil wars this book addresses the debate on this topic by employing a theoretical historical and comparative analysis that spans international humanitarian law international criminal law and international human rights law embedding these different perspectives in public international law this book brings several key points of clarification to the legal framework firstly the book draws upon social science literature on armed conflict to present a new viewpoint on the role that human rights law plays vis a vis international humanitarian law in non international armed conflicts secondly the book sheds light on the circumstances in which armed groups acquire obligations under human rights law it brings illumination to these topics by combining historical and comparative research on belligerency insurgency and international humanitarian law with a theoretical analysis of legal personality under international law in the final part of the book the author tests the four most utilised theories of how armed groups are bound by human rights law examining whether armed groups can be bound by virtue of i treaty law ii control of territory iii international criminal law and iv customary international law in the book s conclusions the author presents final remarks that are designed to provide concrete guidance on how the issue of armed groups and human rights law can be dealt with more thoroughly in practice

Environmental Regulation and Economic Growth 2010-09-02

the origins of this book lie in the first oxford law colloquium held in st john s college oxford on 12 13 september 1991 organized by the faculty of law of the university of oxford and the norton rose m5 group a national association of seven major independent law firms this it is hoped will be the first of many such bubble01ces run on a biennial basis the aim of each conference will be to combine the specialist knowledge of both practising and academic lawyers on a selected subject enabling the exploration of fundamental concepts principles and trends in particular fields oflaw of mutual interest and importance the subject of this first conference commercial aspects of trusts and fiduciary obligations was chosen for its considerable theoretical and practical importance and the contributors amply demonstrate both the impact of the law of trusts and the law of fiduciaries upon such diverse subjects ascompany law and insolvency law and the continuing need for further discussion on the relationship between equity and commercial law contributors sir peter gibson sir peter millett paul finn peter graham jack beatson d d prentice paul l davies klaus j hopt roy goode peter birks hamish anderson harry wiggin jeffrey schoenblum

Exploring Private Law 2013-07-24

the forum non conveniens doctrine provides the basis for the discretionary exercise of jurisdiction by english courts in private international law disputes london s pre eminence as a centre for international commercial litigation has led to its frequent deployment in proceedings where parties disagree over where a case should be heard the doctrine s significance is not limited to england but extends to many commonwealth jurisdictions which have embraced it this is the first book length study devoted entirely to examining the forum non conveniens doctrine s past present and future from the perspective of the law in england by offering a meticulous and critical analysis of relevant historical and contemporary sources in england and elsewhere it seeks to fill gaps in relevant knowledge of the english forum non conveniens doctrine and challenge certain views concerning its operation that have come to be regarded as representing the orthodoxy in this respect the book attempts to refine our understanding of the doctrine s historical development evaluate its application in the years following its formal recognition in england and examine the case for revising it given the changing nature of international commercial litigation in recent decades the book s ultimate objective is to act as an authoritative and comprehensive reference point for those with an interest in the forum non conveniens doctrine more specifically and cross border private litigation more generally

Privity of Contract: The Impact of the Contracts (Right of Third Parties) Act 1999 2014-11-01

qualitative research is changing as a result of postmodern influences which have changed the way research is interpreted and understood this has prompted questions which have been knocking at the door of qualitative research for some time now who is the researcher in this research account how does the researcher relate to his her research how can the researcher who reads qualitative research relate to and understand the nuances and complexities in qualitative research how can this volume help us to not only describe effect and manage change but help us to understand imagine and affect policies practices and procedures related to research what can we learn from researchers at the top of their stride who have struggled in order to develop qualitative research the book includes illustrative interviews with world famous scholars william pinar norman denzin henry giroux zygmunt bauman and maxine greene invite the student to engage reflectively and to figure out the rudiments and connections of research methodology and methods for theses the developed so called the five contexts serves as a theoretical framework for conducting understanding and interpreting qualitative research in a variety of disciplines in this post modern era

Legal Challenges in the Global Financial Crisis 2009

this edited volume presents an innovative and critical analysis of corporate compliance from an interdisciplinary and international perspective it defines the historical framework and the various roles played by corporate compliance in today s context it questions how different cultures affect economic behaviors and under which conditions the individual choices may be directed toward law abiding behavior examining corporate compliance as a tool of criminal and regulatory policy strategies in different countries and sectors this book also aims to provide a picture of the dimension and scope of the public private partnership focusing on the prevention and detection of corporate crimes it analyzes the effects of corporate compliance on the internal organization in terms of cost benefit assessment as well as the opportunities in technical innovation for detecting and controlling risk

English Public Law 2017
