Kierkegaard's Writings, XXV, Volume 25

2021-02-12

this volume provides the first english translation of all the known correspondence to and from søren kierkegaard including a number of his letters in draft form and papers pertaining to his life and death these fascinating documents offer new access to the character and lifework of the gifted philosopher theologian and psychologist kierkegaard speaks often and openly about his desire to correspond and the resulting desire to write for a greater audience he consciously recognizes letter writing as an opportunity to practice composition unlike most correspondence kierkegaard s letters expressly do not require a reply he insists on this as a principle while he clearly and earnestly yearns for a response to his efforts among his other principles are purposefulness directness and the equality of a letter to a visit with a friend kierkegaard preferred the former to the latter perhaps more than anything else in print kierkegaard s letters and documents reveal his love affair with the written word

buddhism created their stupas hinduism and christianity builds their temples cathedrals and churches numerous cultures around the world built their pyramids based upon it schematics and the native american indians knew of it astrology and the game of chess were developed from it and pythagoras developed his mathematical theorems from it and freemasonry is founded upon it and the city of washington dc is built on its esoteric design and this latter is provided for in the united states constitution article 1 section 8 however this matrix is never ever discussed explicitly to the general public throughout this volume there will be a continuous tsunami of demonstrable evidence directly and indirectly challenging the status quo of academia and the orthodoxy of all religions around the world the word of god will be discussed mainly from the perspective of the judaeo christian scriptures the secret teachings of the roman catholic church s literature artwork monuments and architecture and freemasonry symbolism designed into the landscape of washington dc the matrix of wisdom spiritual waters of creation i e sum total or all knowledge is inherent in the psyche of every human being the matrix of wisdom is a commentary or the monad which is the soul s raison d être i e god man christ tao krishna buddha horus etc when the soul comes into the world it splits into a two part psyche ego consciousness and the unconscious mind and this knowledge is esoterically codified into the mythoi of the judaeo christian scriptures thus the sacred scriptures of the world are all about explaining to the worthy initiate the dynamics of the soul and its psyche the sacred scriptures are written first and foremost for the born again initiate though the average member of the laity has direct access to both its exoteric writings revealed and its secret esoteric teachings covered the inexplicable word of god hidden however cannot be explained to another in the vernacular the initiate can know of the esoteric science however that does not avail him or her of the true understanding of the word of god only god can communicate that unfathomable and inexplicable knowledge to the individual the esoteric science can somewhat prepare the worthy initiate for the spiritual initiatic visionary experience which is gifted only to those that are worthy and truly desire to know the word of god the sacred scriptures around the world are written to explain the spiritual initiatic visionary experience furthermore the sacred scriptures in their indigenous languages are the most scientific instruments on the face of the earth though modernity will most likely dispute that fact ad nauseam

Supporting Children's Well-Being During Early Childhood Transition to School

2022-12-12

life transitions differ concerning the intensity of the change and the intensity of the child s reaction to that change for most children the first and most significant transition is from the family home to an institution of early care and education which includes preschool these transitions can also include children s passage from kindergarten to elementary school however the intensity of the child s reaction is related to the size of the change that is happening and also to who or what is involved in that change and the importance a child attributes to that someone or something supporting children s well being during early childhood transition to school is an essential scholarly publication that examines evidence based practices and approaches that fully support a child s well being during transition periods in early childhood it serves as a resource to rethink contemporary transition theoretical models research studies and applied practices featuring a wide range of topics such as emotional competency language learners and professional development this book is ideal for academicians psychologists early childhood educators daycare centers curriculum designers policymakers researchers education professionals and students

Research Anthology on Early Childhood Development and School Transition in the Digital Era

1999

in today s digital world it is critical to ensure technology is utilized appropriately and best practices for adoption are continuously updated particularly when it comes to education new technologies provide myriad opportunities for improvement within early childhood development however further study is required to fully understand the different tactics and strategies the research anthology on early childhood development and school transition in the digital era considers how technology can assist with the development of young children and identifies different technologies that should be utilized within education for the benefit of students covering key topics such as instructional design learning literacy and technology this major reference work is ideal for administrators principals researchers scholars practitioners academicians instructors and students
