Sekret Machines: Gods 2017-03-07 an exceptional examination from award winning author and producer tom delonge with renowned research author peter levenda sekret machines gods will take you on an eye opening journey that transcends speculation and is based on unprecedented access to officials at the highest levels of government military and industrial agencies who have provided insights and assistance never before experienced by any researchers in this controversial field gods takes us beyond speculation to certain knowledge of what exactly lies at the heart of the most important phenomenon ever to confront human understanding this first volume introduces the reader to some of the critical issues that are foundational to an intelligent and enlightened grasp of the revelations that will follow in the next two volumes there is another force in the universe of our reality another context for comprehending what has been going on for millennia and especially in the last seventy years sekret machines is the result of input from scientists engineers intelligence officers and military officials a group we call the advisors and transcends the speculation of journalists historians and others whose conclusions are often either misinformed or only tease around the edges of the sekret machines the reader will not discover wild theories or unfounded claims but instead will confront a solid if often unsettling reality one that demands the collaboration of all of us in every field of human endeavor if we are to understand it and manage its effects if nothing else readers will come to the conclusion that the phenomenon is not what they think it is it is in fact much more serious and potentially much more threatening than they can imagine sekret machines gods is volume one of the companion investigation series to the bestselling thriller sekret machines chasing shadows by delonge and nytimes bestselling author aj hartley the whole is truly greater than the sum of its parts read together the thriller series and the investigation series show what cannot be revealed with one approach alone

Sekret Machines: Man 2019-10-29 the stunning continuation of an intensive study of ufo phenomena in which the hard science technology and the human mind are explored as they relate to our world and the encounters that people are still having today in sekret machines gods the cultural historical and religious aspects of mankind s encounters with ufo s was explained by open mind s 2017 ufo researcher of the year and to the stars academy of arts and science founder tom delonge with renowned research author peter levenda here they continue their revelatory work in a thoroughly researched expose that seeks to solve the scientific mysteries of the the unidentified aerial phenomenon the ufo experiencers whose lives were changed forever and what it means for all mankind to this end they have divided their study into three fields of inquiry genetics and the et hypothesis was life on earth actually initiated by alien life forms deliberately many cultures worldwide hold clues in their mythos that points to this but for what ultimate purpose would this have and what does that make humanity consciousness if the building blocks of life were truly transplanted by a higher intelligence with intent was our human concept of consciousness included in that dna and as we evolve are we headed toward eventual immortality as sentient beings human machine symbiosis in this section the concept of technological advancement is explored focusing on our own astounding achievements in recent years in the fields of artificial intelligence and robotics which leads to a much deeper question if we have come so far so fast what unfathomable level of technology must the phenomenon already possess in sekret machines man delonge and levenda go beyond the lies fed to the public for decades using unsealed confidential records expert analysis and eyewitness testimony from scientists civilians military personnel researchers and ufo experiencers to reveal the wide ranging influence that ufo forces have had upon our past continue to exert on our present and may hold for our future

The Gods and their Machines 2013-09-15 two worlds two different lives divided by hate and violence thrown together by chance chamus s nightmare begins when he survives a massacre suicide bombers from neighbouring bartokhrin are terrorising his country altima how do you fight someone who isn t afraid of death across the border riadni is no ordinary bartokhrin girl she dresses like a boy fights like a boy spits and rides her horse like a boy when the hadram cassal set up camp on her father s land she is drawn to these rebels who are prepared to fight and to die for their homeland a crash landing in bartokhrin territory forces chamus and riadni together and they find themselves on the run hunted by killers danger and death are closing in on them from all sides

Gods and Robots 2020-04-21 traces the story of how ancient cultures envisioned artificial life automata self moving devices and human enhancements sharing insights into how the mythologies of the past related to and shaped ancient machine innovations

The Gods' Machines 2008-05-27 based on the author s decipherment of prehistoric carvings and the application of mathematical measurements the gods machines shows how unknown phenomena from angkor wat to stonehenge to crop circles are actually powerhouses built by an advanced extraterrestrial civilization for tapping electromagnetic energy the book traces the development of that civilization on earth over 5 000 years revealing how all these structures are aligned according to a universal formula an angle of 135 degrees at which earth s energy has been tapped by the alien creators of these monuments these fascinating theories not only explain our distant past but also open the door to a future of power technology and space travel megalithic sites such as newgrange and stonehenge are constructed with quartz and iron rich stones with electrical conduction properties minerals also found atop aztec temple and inside crop circles these stones according to the author served as dry cell batteries when heated and stressed and supplied energy to the builders traveling vehicles most interestingly the author has tested his theory on today s crop circles the gods

machines is certain to stimulate debate among readers interested in alternative history ancient civilization and extraterrestrial intelligence

God, Human, Animal, Machine 2022-07-12 a strikingly original exploration of what it might mean to be authentically human in the age of artificial intelligence from the author of the critically acclaimed interior states meghan o gieblyn is a brilliant and humble philosopher and her book is an explosively thought provoking candidly personal ride i wished never to end this book is such an original synthesis of ideas and disclosures it introduces what will soon be called the o gieblyn genre of essay writing heidi julavits author of the folded clock for most of human history the world was a magical and enchanted place ruled by forces beyond our understanding the rise of science and descartes s division of mind from world made materialism our ruling paradigm in the process asking whether our own consciousness i e souls might be illusions now the inexorable rise of technology with artificial intelligences that surpass our comprehension and control and the spread of digital metaphors for self understanding the core questions of existence identity knowledge the very nature and purpose of life itself urgently require rethinking meghan o gieblyn tackles this challenge with philosophical rigor intellectual reach essayistic verve refreshing originality and an ironic sense of contradiction she draws deeply and sometimes humorously from her own personal experience as a formerly religious believer still haunted by questions of faith and she serves as the best possible guide to navigating the territory we are all entering

Sekret Machines: Gods 2017-03-07 an exceptional examination that plays the role of an intellectual indiana jones expertly guiding readers through crumbling vine laden mayan temples the stunning iconography of ancient egypt and the esoteric creation myths of antediluvian india africa and china written by open mind s 2017 ufo researcher of the year and critically acclaimed producer tom delonge with renowned research author peter levenda sekret machines gods will take you on an eye opening journey that transcends speculation and is based on unprecedented access to officials at the highest levels of government military and industrial agencies who have provided insights and assistance never before experienced by any researchers in this controversial field gods takes us beyond speculation to certain knowledge of what exactly lies at the heart of the most important phenomenon ever to confront human understanding the first volume in gods man war gods introduces the reader to some of the critical issues that are foundational to an intelligent and enlightened grasp of the revelations that will follow in the next two volumes there is another force in the universe of our reality another context for comprehending what has been going on for millennia and especially in the last seventy years sekret machines is the result of input from scientists engineers intelligence officers and military officials a group we call the advisors and transcends the speculation of journalists historians and others whose conclusions are often either misinformed or only tease around the edges of the sekret machines the reader will not discover wild theories or unfounded claims but instead will confront a solid if often unsettling reality one that demands the collaboration of all of us in every field of human endeavor if we are to understand it and manage its effects if nothing else readers will come to the conclusion that the phenomenon is not what they think it is it is in fact much more serious and potentially much more threatening than they can imagine sekret machines gods is volume one of the companion investigation series to the bestselling fiction thriller sekret machines chasing shadows by delonge and nytimes bestselling author aj hartley the whole is truly greater than the sum of its parts read together the thriller series and the investigation series show what cannot be revealed with one approach alone

Machines, gods and ghosts 2013 her death was his beginning stricken by grief from the death of his girlfriend sith guy salvatore struggles to make sense of his world enter a strange old man who shares with guy a story of two gods who govern all of existence two gods who took sith away and left her to wander aimlessly in and out of the dimensional planes known as the dream worlds join guy as he begins to unravel the truth about the world he lives in and learns what really happened to sith new foreword by jill thompson and the original foreword by venture brother s own doc hammer this limited run revision edition includes revised text extended story scenes re lettered pages by taylor esposito and other bonus materials all in celebration of the god machine s tenth anniversary featuring a new logo by phil balsman this book contains adult content language nudity and strong sexual content it is intended for mature readers

The God Machine 2022-09 folklore professor oladel adewole has lost tenure and the beloved much younger sister he s raised has died with no reason to stay he leaves his homeland for the university of eisenstadt one thing makes his new life bearable the mysterious island floating a mile above the city his all consuming interest for years when a brilliant engineer makes it to the island in her new invention the government sends adewole up with its first survey team the expedition finds civilization and adewole finds a powerful forbidden fusion of magic and metal the machine god the government wants it so does a sociopath bent on ruling eisenstadt but when adewole discovers who the mechanical creature is and what it can do he risks his heart and his life to protect the machine god from the world and the world from the machine god interests african hero lost civilization betrayal adventure fantasy adventure science fiction adventure science fantasy magic folklore victorian victorianesque 19th century first contact fantasy first contact survival exile academia academic politics academic hero child talking birds owls german based culture african based culture mythology steampunk fantasy black lead character

The Machine God 2013-08-22 the god of the machine presents an original theory of history and a bold defense of individualism as the source of moral and political progress when it was published in 1943 isabel paterson s work provided fresh intellectual support for the endangered american belief in individual rights limited government and economic freedom her book placed her in the vanguard of the free enterprise movement now sweeping the world it will be essential to students of american history political theory and literature

The God of the Machine 1993-01-01 gods and machines explores the idea that new is always and inescapably linked through linear progression to old

Gods and Machines 2015-11-24 in the tidal wave of intellectual argument that followed the 2006 release of richard dawkins s god delusion book a fierce debate has raged between atheism and religion over the existence of god leaving the world s scientists and laymen largely undecided in their opinion god s illusion machine presents a fascinating alternative to a debate that has largely been argued within the framework of christian versus science concepts drawing upon the world s oldest body of knowledge the vedas the author describes the massive illusion to which we are all subjected as we mistakenly believe ourselves to be physical creations of the material world in god s illusion machine the material world is gradually exposed as the ultimate virtual reality machine for wayward

souls who prefer a self centred rather than a god centred existence in contrast to richard dawkins s assertion that the religious are suffering a delusion for believing in god the author argues that both the atheists and the religious are under the spell of god s deluding energy called māyā which acts in reciprocation with a soul s desire to be in illusion within the physical realm by applying the profound spiritual insights of vedic knowledge along with a healthy dose of common sense and good humour god s illusion machine is an enthralling exposé of the deceptive nature of the material world and the false claims of materialists regarding the nature of life and love it is a triumph of spirituality over both atheistic materialism and religious dogmatism god s illusion machine is a work of major importance realigning western religion philosophy and science with eternal spiritual truths an enlightening read for both the atheist and the religious bringing spiritual certainty and true love to bewildered souls in troubled times for atheists who like a good argument for the religious who are stuck for a reply to richard dawkins for fans of fantasy and sci fi where forces of light and illusion contend in battle and for you the reader whatever your disposition this book will forever change your outlook on life and its meaning as the rising sun disperses the darkness of night so in the presence of krishna the absolute truth māyā illusion cannot stand

God's Illusion Machine 2013-12-30 a thought provoking analysis of the theological implications of artificial intelligence addresses important and controversial questions raised by robotics about the definition of humanity what it means to have a soul and what robots can teach us about our relationship with god

God in the Machine 2004 in a time of uncertainty humanity has touched the stars and claimed vast worlds under the unified nations of earth yet beneath the heels of the mother world the colonists grow too strong soon after a war unlike any seen before would last for twenty years wherever independence had a voice towering machines known as unit fighters were piloted by the brave as historic battles were fought and after nine years of peace between the newly established pride systems of devoir con passed the scars of such a mad war were not only left on the worlds they shed blood on but on the soldiers and soon to be combatants of devoir these are just a few of their stories as once again the torn and gritty flag of devoir con will be raised among the controversies of war peace love struggle and innocents lost

Machine Gods of the Eternal Sea 2012-02-08 the mormon faith may seem so different from aspirations to transcend the human through technological means that it is hard to imagine how these two concerns could even exist alongside one another let alone serve together as the joint impetus for a social movement machines for making gods investigates the tensions between science and religion through which an imaginative group of young mormons and ex mormons have found new ways of understanding the world the mormon transhumanist association mta believes that god intended humanity to achieve mormonism s promise of theosis through imminent technological advances drawing on a nineteenth century mormon tradition of religious speculation to reimagine mormon eschatological hopes as near future technological possibilities they envision such current and possible advances as cryonic preservation computer simulation and quantum archeology as paving the way for the resurrection of the dead the creation of worlds without end and promise of undergoing theosis of becoming a god addressing the role of speculation in the anthropology of religion machines for making gods undoes debates about secular transhumanism s relation to religion by highlighting the differences an explicitly religious transhumanism makes charting the conflicts and resonances between secular transhumanism and mormonism bialecki shows how religious speculation has opened up imaginative horizons to give birth to new forms of mormonism including a particular progressive branch of the faith and even such formations as queer polygamy the book also reveals how the mta s speculative account of god and technology together has helped to forestall some of the social pressure that comes with apostasy in much of the mormon intermountain west a fascinating ethnography of a group with much to say about crucial junctures of modern culture machines for making gods illustrates how the scientific imagination can be better understood when viewed through anthropological accounts of myth

Machines for Making Gods 2022-03-01 from transforming the ways of war to offering godlike views of inaccessible spots revolutionizing rescues worldwide and providing some of our most watched tv moments including the cloud of newscopters that trailed o j simpson s bronco the helicopter is far more capable than early inventors expected now james chiles profiles the many helicoptrians who contributed to the development of this amazing machine and pays tribute to the selfless heroism of pilots and crews a virtual flying lesson and scientific adventure tale the god machine is more than the history of an invention it is a journey into the minds of imaginative thinkers and a fascinating look at the ways they changed our world

The God Machine 2008-11-26 the mormon faith may seem so different from aspirations to transcend the human through technological means that it is hard to imagine how these two concerns could even exist alongside one another let alone serve together as the joint impetus for a social movement machines for making gods investigates the tensions between science and religion through which an imaginative group of young mormons and ex mormons have found new ways of understanding the world the mormon transhumanist association mta believes that god intended humanity to achieve mormonism s promise of theosis through imminent technological advances drawing on a nineteenth century mormon tradition of religious speculation to reimagine mormon eschatological hopes as near future technological possibilities they envision such current and possible advances as cryonic preservation computer simulation and quantum archeology as paving the way for the resurrection of the dead the creation of worlds without end and promise of undergoing theosis of becoming a god addressing the role of speculation in the anthropology of religion machines for making gods undoes debates about secular transhumanism s relation to religion by highlighting the differences an explicitly religious transhumanism makes charting the conflicts and resonances between secular transhumanism and mormonism bialecki shows how religious speculation has opened up imaginative horizons to give birth to new forms of mormonism including a particular progressive branch of the faith and even such formations as queer polygamy the book also reveals how the mta s speculative account of god and technology together has helped to forestall some of the social pressure that comes with apostasy in much of the mormon intermountain west a fascinating ethnography of a group with much to say about crucial junctures of modern culture machines for making gods illustrates how the scientific imagination can be better understood when viewed through anthropological accounts of myth

Machines for Making Gods 2022-03-01 a teen girl has become a prophet of legend now she faces her greatest challenge killing the sun goddess who oppresses her people riwenne has performed countless miracles and saved hundreds of thousands with her powerful magic with the aid of the moon goddess she has turned back time and reversed death the empire is falling apart and its people

are looking to the rebels for help for the first time in centuries there is hope of a better future she s ready to end the violence and find peace but her greatest enemy the sun goddess chysa isn t going down without a fight she transforms the empress into a demigod who can bring death and destruction on a scale they ve never seen before and together they make a machine that can kill gods to stop the sun goddess once and for all riwenne must get her hands dirty again this time the evil goddess won t stop at imprisoning her rival gods the sun and the moon goddesses are locked in a battle to the death riwenne s friends aren t strong enough so she ll need the help of her own rivals time for her to fulfill her destiny and kill a god riwenne the god killing machine is the final book in a steampunk fantasy series for teens if you like magical girls lesbian romance and clashes of the gods then you ll love kristen s walker s series of guns and gears preorder it today

The Mechanical God 1982-10-28 god from the machine deus ex machina refers to an ancient dramatic device where a god was mechanically brought onto the stage to save the hero from a difficult situation but here william sims bainbridge uses the term in a strikingly different way instead of looking to a machine to deliver an already known god he asks what a computing machine and its simulations might teach us about how religion and religious beliefs come to being bainbridge posits the virtual town of cyburg population 44 100 then using rules for individual and social behavior taken from the social sciences he models a complex community where residents form groups learn to trust or distrust each other and develop religious faith bainbridge s straightforward arguments point to many more applications of computer simulation in the study of religion god from the machine will serve as an important text in any class with a social scientific approach to religion

Riwenne & the God-Killing Machine 2022-06-20 most of us are much better at supporting the idea of prayer than we are at praying this book combines scriptural insights on pleasing god in prayer with practical insights on making prayer effective making prayer effective however doesn t mean getting what we want hinten tells how to use prayer to move from a desire for what we want to a desire for what god wants and in the putting prayer into practice section at the end of each chapter he suggests specific techniques and topics to help readers meet their goal of not just reading about prayer but praying best of all while this book is intellectually stimulating it is also eminently readable with clear examples and an engaging sense of humor

God from the Machine 2006 john is desperately driven to seek answers to his questions unknowingly leaving behind a wake of death and destruction is it free will or is he just a machine of god eight short stories each a vision of the future

God Is Not a Vending Machine 2000-12 based on the author s decipherment of prehistoric carvings and the application of mathematical measurements the gods machines shows how unknown phenomena from angkor wat to stonehenge to crop circles are actually powerhouses built by an advanced extraterrestrial civilization for tapping electromagnetic energy the book traces the development of that civilization on earth over 5 000 years revealing how all these structures are aligned according to a universal formula an angle of 135 degrees at which earth s energy has been tapped by the alien creators of these monuments these fascinating theories not only explain our distant past but also open the door to a future of power technology and space travel megalithic sites such as newgrange and stonehenge are constructed with quartz and iron rich stones with electrical conduction properties minerals also found atop aztec temple and inside crop circles these stones according to the author served as dry cell batteries when heated and stressed and supplied energy to the builders traveling vehicles most interestingly the author has tested his theory on today s crop circles the gods machines is certain to stimulate debate among readers interested in alternative history ancient civilization and extraterrestrial intelligence

The Machines of God 2004-01-01 the only journey is the one within a beloved companion is now dead three from mortem ex s squad remain to their misfortune for they want nothing more from life better their hearts expire with life s nonexistent meaning but fortune is never so willing others soon find them and compel the desperate magnesans to travel with their company and a most unusual company they are among their number is an old companion of mortem ex a cybernetically enhanced sao and another with moon eyes even acolyte but this ragtag group isn t traveling the post apocalyptic ruin of magnella for nothing they ve a destination in mind the canyons of punt in the ancient land of gengtu of course the magnesans have never heard of such a place they can t even bother to remember its name but there is a special power in those canyons it could very well change the magnesans lives forever or it could destroy them utterly either way they will discover that a world without civilization without meaning can still contain secrets able to bend the mind god of the machine is the third book in the god s crusade timeline get it today to see what wonders await mortem ex s remaining squad and how their journey comes to a close note this is a gritty series thus contains adult language and situations that some readers might find offensive and or disturbing series also contains occasional violence against both human and animal

God of the Machine 2023-03-11 three years after the battle of rift ridge mink is still struggling as he adjusts to his new life as a machinist in the high tech world of freeland two goals push him to keep going developing his newly discovered affinity for metal and avenging his lost love both will require him to break the law mink s unique talents are illegal to use but his skill of manipulating metal soon catches the attention of a clandestine revolutionary group who offer to help him achieve his objectives in exchange for sharing his abilities when a plot to destroy his former home is discovered mink will have no choice but to trust an unknown ally and hope that his newly acquired skills will be enough to save them before his past catches up to him

Gods Among Machines 2023-02-17 were human beings created by powers from outer space did extraterrestrial giants build the megaliths of malta and the menhirs of brittany was the ark of the covenant a machine built by the astronaut gods in signs of the gods erich von däniken travels far and wide around the globe to study the many strange phenomena that all point to one conclusion that

many thousands of years ago earth was visited by a race of superhuman powers and intelligence the questions he addresses along the way include why are the religious sites in greece all laid out in the same geometrical pattern a pattern which is repeated throughout the world does the extraordinary longevity of the ancient sumerian kings mean that the land of the two rivers was ruled by a race of supermen could the first men have been produced by cloning do the great ruins of zimbabwe point to an impossibly detailed knowledge of astronomy erich von däniken s chariots of the gods provoked a worldwide storm of controversy in signs of the gods he produces powerful arguments to support his theory of astronaut gods with evidence that is difficult to explain any other way hear what he has to say with an open mind and you may find yourself agreeing with him

Machines 2021-04-29 i wrote this book because a little girl wanted to make sure that we all know where our daily products really come from all the things we use every day are not made in vast factories filled with hardworking people operating dozens of types of machines to do the job but actually all these things can be had by simply driving up to any number of vending machines placed around town in central locations in every neighborhood

Signs of the Gods? 2011-06-15 human flight is not a simple matter of science and technology it is a continuing epic of dreams and obsession of yearning and striving to harness the intellect in the service of the emotions in like sex with gods an unorthodox history of flight bayla singer offers a unique approach to humanity s fascination with flying rather than merely tracing the factual prehistory of flight up to the success of the wright brothers bayla singer considers the interaction and influence of our dreams fantasies culture and technology on the age old quest to fly this enlightening study begins with the deities and other denizens of the heavens that humanity has created in its religion literature and art at first a monopoly of the gods flight came to interest humanity as a way to free itself from the physical and intellectual bonds of the earth the myth of flight eventually gives way to the pursuit of actual flight singer shows in compelling detail the many flying machines that have been created including balloons gliders and kites the accomplishment of the wright brothers and our successful trips into space are merely stops on a continuing journey as our ancient dream of flight continues to push us to new and loftier places filled with compelling stories and detailed illustrations this book provides absorbing reading for aviation experts those fascinated with the intimate relationship between technology and culture and all of us who have even a passing interest in flying

God's Vending Machine 2018-10-09 hellboy a bloodred cloven hoofed demon raised by the united states government is a top field agent for the bureau for paranormal research and defense he questions the unknown then beats it into submission religious artifacts from every faith are disappearing without a trace the identity of the perpetrator is a complete mystery until hellboy and liz sherman acting on an unlikely tip from a ghost foil a museum heist attempted by crude robotic constructs inhabited by human spirits one of these freed human spirits offers to help hellboy track down those who imprisoned him a fanatical order of psychics obsessed with creating a new messiah one that will bring about a new stage of evolution for mankind whether mankind is willing or not now only hellboy and his colleagues stand between a vulnerable humanity and an evil vengeful god

Like Sex with Gods 2003-05-08 the god of the machine presents an original theory of history and a bold defense of individualism as the source of moral and political progress when it was published in 1943 isabel paterson s work provided fresh intellectual support for the endangered american belief in individual rights limited government and economic freedom the crisis of today s collectivized nations would not have surprised paterson in the god of the machine she had explored the reasons for collectivism s failure her book placed her in the vanguard of the free enterprise movement now sweeping the world paterson sees the individual creative mind as the dynamo of history and respect for the individual s god given rights as the precondition for the enormous release of energy that produced the modern world she sees capitalist institutions as the machinery through which human energy works and government as a device properly used merely to cut off power to activities that threaten personal liberty paterson applies her general theory to particular issues in contemporary life such as education social welfare and the causes of economic distress she severely criticizes all but minimal application of government including governmental interventions that most people have long taken for granted the god of the machine offers a challenging perspective on the continuing worldwide debate about the nature of freedom the uses of power and the prospects of human betterment stephen cox s substantial introduction to the god of the machine is a comprehensive and enlightening account of paterson s colorful life and work he describes the god of the machine as not just theory but rhapsody satire diatribe poetic narrative paterson s work continues to be relevant because it exposes the moral and practical failures of collectivism failures that are now almost universally acknowledged but are still far from universally understood

The God Machine 2006-12-01 a gorgeous art book showcasing the surreal character and costume designs of paul gerrard this film industry veteran is known for his designs for sci fi icons hellboy the teenage mutant ninja turtles and battle la
