1994

this is an open access book the 3rd universitas lampung international conference on social sciences ulicoss 2022 ulicoss 2022 is an international conference organized by the institute for research and community services universitas lampung indonesia the event took place on 6th 7th september 2022 in bandar lampung city on the indonesian island of sumatra this event will adopt a hybrid working model combining an in person event with an online meeting via zoom attendees and presenters are expected to interact in this way using technology to connect to global networks as has been widely stated in the literature a

number of reports and papers have examined the pandemic's negative effects with the majority of work to date focusing on COVID-19's negative impact on psychological well-being. Thus, social adjustment is required for resilience in order to adapt to and change in the face of adversity. In other words, it is clear that social adjustment, which includes the specific behaviors and abilities that people use to deal with daily problems and adapt to changing circumstances, is critical for global resilience today. As such, this international conference, which will feature five invited keynote speakers from the Czech Republic, Hungary, Indonesia, and Japan, is intended to serve as a forum for the dissemination of specific alternative and significant breakthroughs in rapid social adjustments for global resilience, with an emphasis on global society, social welfare, and development, and innovative communication among other topics. Therefore, we invite scholars, academics, researchers, experts, practitioners, and university students to participate and share perspectives, experiences, and research findings by submitting papers on a variety of topics relevant to the conference's theme and scope. All abstracts and papers submitted for consideration will undergo a double-blind peer review process to ensure their quality, relevance, and originality.

this is an open access book the education sector during the covid 19 pandemic is currently undergoing a total reformation the education process at schools and colleges which was carried out face to face has now turned into virtual face to face learning utilizing various platforms also the covid 19 pandemic has impacted the research and development process in the field which must be delayed due to the risk of covid 19 transmission in regard to this the educational process does not run optimally in fact education is the process of developing the future generation of a country that are supposed to supported by all parties while looking for solutions to the problems at hand as part of social sciences the objects of historical study include humans who are bound by the dimensions of space and time this confirms that history is part of science that is tied to human life therefore various policies taken by the government must also be reviewed from the past historical experience with adjustments to the conditions of the era moreover historical experience will provide an idea that humans are always innovating to solve the problems they face especially policies related to education and learning based on those problems history education study program of the faculty of social sciences universitas negeri yogyakarta will hold an international conference on future teaching and learning a disruptive innovation the aim of

the conference is providing a forum for exchanging information and finding solutions to learning and teaching problems in the current era of disruption considering that the covid 19 pandemic has changed everything this conference will seek solutions and innovations from various perspectives which include social historical and educational perspectives
