in international arbitration as practiced today few issues are as controversial and hotly debated as the foreign enforcement of an arbitral award that has been annulled in its originating jurisdiction as more and more jurisdictions challenge such annulments the issue has inevitably attracted the intense scrutiny of practitioners and scholars now in the first book written on the subject and a major work unlikely to be superseded for quite some time the international practitioner and scholar dr hamid g gharavi provides a keen in depth analysis of the sources legal and practical grounds and possible solutions of the problem particularly as it affects international business transactions in the global economy dr gharavi analyzes the relevant provisions in all major international arbitration conventions as well as national laws on the annulment and enforcement of arbitral awards in force in more than fifty different countries among the book s most notable features are the following invaluable information on and an in depth analysis of the travaux pr paratoires of the new york convention pertaining to the articulation of annulment enforcement controls the effects of the cultural judicial and legal diversity of states and clear elucidation of the interests that often separate north from south in the practice of arbitration with detailed attention to theoretical and practical perspectives especially as they reveal the dangers to which the enforcement of annulled awards can subject international business operators dr gharavi arrives after consideration of all interests at a global resolution aiming to establish an effective and harmonious international legal framework for the control of awards in accordance with the nature and mission of arbitration

in the second half of the twentieth century alongside the evolution of the global economy modern technology rapid transportation and multinational enterprises there was an increased demand for a dispute resolution mechanism that met the needs of traders international trade and economic policy makers arbitration as an alternative dispute resolution has significantly gained in popularity in the arab gulf states over the past two decades or so this is no doubt reason enough to take a closer look at the main theme that defines arbitration in this region national courts of the arab gulf states are invariably seen as not very arbitration friendly some possibly even hostile to arbitration public order alongside the islamic legal traditions is seen as unruly horse that could possibly undermine the development of international commercial arbitration in this region the contribution in this book will go some way toward dissipating the concerns that are routinely raised about the procedural and practical soundness of arbitration in the arab gulf states in addition the book serves to place arbitration in the arab gulf states in its present legal systems national laws and courts practices

geliebte gefangene von cornick nicola lord simon greville hat annes landsitz grafton manor gestürmt und sie als seine geisel gefangen genommen haben
müsste anne ihn für diese ruchlose tat stattdessen verspürt sie ein heftiges sehnsüchtiges verlangen nach dem verwegenen gentleman aber solange sie den
schatz des königs hütet darf sie auf keinen fall schwach werden und ihren verbotenen gefühlen für den größten feind des herrschers nachgeben die
unwillige braut von landon juliet verkauft an den höchstbietenden lady rhoese of york ist zweifellos der hauptgewinn deshalb sticht judhael de brionne
alle konkurrenten um die hand der schönen landbesitzerin aus wenn seine braut nur nicht so widerspenstig wäre glaubt sie doch er habe sie nur zur frau
genommen um als normannischer ritter an englische ländereien zu gelangen kann er das herz der verführerischen lady dennoch erobern
