The First Five Million Miles 1955

born in 1877 jesse livermore began working with stocks at the age of 15 when he ran away from his parent s farm and took a job posting stock quotes at a boston brokerage firm while he was working he would jot down predictions so he could follow up on them thus testing his theories after doing this for some time he was convinced to try his systems with real money however since he was still young he started placing bets with local bookies on the movements of particular stocks he proved so good at this he was eventually banned from a number of local gambling houses for winning too much and he started trading on the real exchanges intrigued by livermore s career financial writer edwin lefevre conducted weeks of interviews with him during the early 1920s then in 1923 lefevre wrote a first person account of a fictional trader named larry livingston who bore countless similarities to livermore ranging from their last names to the specific events of their trading careers although many traders attempted to glean the secret of livermore s success from reminiscences his technique was not fully elucidated until how to trade in stocks was published in 1940 it offers an in depth explanation of the livermore formula the trading method still in use today that turned livermore into a wall street icon

How to Trade In Stocks 1940

the first five years of the priesthood reports what was learned from interviews with five hundred priests who were within five years of ordination and seventy two recently ordained priests who had resigned the research indicated that 10 to 15 percent of priests resigned within the first five years of their ministry due to loneliness feelings of being unappreciated problems of celibacy and disillusionment the priests who remained active reported that satisfaction with their ministry came particularly from presiding at the eucharist preaching and teaching
