## **NPR The Curious Listener's Guide to Opera 2002-02-05**

opera is often dismissed as outdated and excessive and perceived to be characterised by excessive passions sumptuous costumes and ill mannered divas in reality however operas address the most fundamental and universal of human concerns love death jealousy greed and power revealing the diverse reasons behind opera s lasting appeal opera champion and expert alexandra wilson provides a lucid and engaging introduction to the agendas that have governed its composition production and reception over the last four centuries and explains the reasons behind its enduring appeal

## **What the Fach?! the Definitive Guide for Opera Singers Auditioning & Working in Germany, Austria, and Switzerland (2nd Edition). 2011-01-13**

it is impossible to imagine a world in which wagner never happened he was at the same time a horror a phenomenon and a genius but he was wagner and he has left us some of the greatest work ever created by the human imagination so says denis forman bestselling author of the good opera guide who concentrates here on the greatest operatic composer of all richard wagner wagner s operas erupted into the 19th century musical world almost single handedly he changed opera from being an evening of light entertainment to intense sensuous highly emotional musical drama his work was passionate and psychologically complex wagner also wrote his own libretti with musical motifs leitmotifs to illustrate mood and character he wrote fourteen operas including tristan and isolde the flying dutchman meistersinger parsifal and the mighty tetralogy the ring a meglomaniac jekyll and hyde character he died adulated and vilified equally the good wagner opera guide is an unpretentious jargon free approach to his operas for those who are opera prone yet opera ignorant

## **The Penguin Guide to Opera on Compact Disc 1993**

the companion volume to the cross index title guide to classical music greenwood press 1987 contains more than 5 500 vocal and instrumental excerpts from over 1 400 operas and

operettas by 535 composers from monteverdi to the present each selection is listed by its popular title or subtitle and by its variant names in alphabetical order and the name of the composer the title of the larger work from which the piece derives and the first line or first words are also given titles of excerpts from the standard opera repertoire are given in both english and the vernacular and those from works little known or unperformed in the english speaking world are listed in their language of origin the only reference of its kind this expansive volume represents the most complete listing of excerpts from larger works to be published in any language the compiler s introduction offers helpful information on the use of the guide this information is presented in a clear and logically arranged format included are an alphabetical index of composers and their works and a valuable list of principal sources that will aid the reader in locating printed editions and recordings of the operas and operettas as well as biographical information about the composers opera fans record collectors musicologists students of music history and librarians should find this guide useful in every respect

opera synopses a guide to the plots and characters of the standard operas by j walker mcspadden this book is a reproduction of the original book published in 1911 and may have some imperfections such as marks or hand written notes

## **A Guide to the Operas 1906**

this book is a consumer guide an opera appreciation course and a history of recording techniques and lore all rolled into one with the same wit and verve that he brought to opera anecdotes and demented the world of the opera diva ethan mordden reviews opera s legacy of recordings from monteverdi to stephen sondheim from nellie melba to luciano pavarotti from cylinders and 78s to lps and compact discs there have been guides to opera s discography before but no single volume work as wide ranging and up to date as this one not only the major composers but also many minor ones are represented and both live performances and studio recordings are featured not a mere listing of recordings but a narrative history of opera since its earliest days the book provides chapters on the first operas mozart german romanticism grand opera rossini verdi russian opera puccini stravinsky modern french opera strauss weill britten gerswin american opera and much more even the most recent productions like les miserables and such newly hailed opera stars as kathleen battle and ghenia dimitrova are discussed recording information including cast and label is contained in the text while a helpful index enables the reader to locate composers their works and the recordings of favourite singers quickly and easily every opera lover whether newcomer or veteran buff will find the answers they have been looking for in this entertaining new handbook what is the best rigoletto the most complete lohengrin the most avoidable carmen how does maria callas sound singing wagner what of the great ring recordings how does georg solti s measure up against herbert von karajan s has sonic technology improved callas classic thirty five year old toscia or has it damaged it are bargain boxes of records actually a good buy or just shoddy merchandise do we really get anything out of ancient recordings that we can t get in digital sound from cds ethan mordden s latest work is the perfect companion to steer the reader through the marvels of opera

## **The Good Wagner Opera Guide 2000**

excerpt from a guide to the opera in the following pages i have endeavoured to present a clear and comprehensive view of some of the principal operas so far as i know there is no work that exactly covers this field at the best librettos even when worthily translated and complete elucidate only one side of a composition and the majority of librettos arbitrarily omit whole scenes sometimes indeed whole acts that are often important connecting links in the action the

average libretto is untrustworthy as a foil presentment of the composer's meaning it is merely a given manager's version of a certain opera of course if we know the whole work we can understand any version but if we only know mutilated versions our ideas of the work are apt to be very confused moreover it is hard for some people to construct the course of the action exclusively from the dialogue and bare stage directions furthermore the argument is usually misleading for it always tells some of the incidents out of the order in which they occur on the stage and sometimes mentions occurrences as part of the action whereas they are really only referred to in the dialogue about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

## **Cross Index Title Guide to Opera and Operetta 1989-06-23**

instantly acquire all the knowledge you need to pass as an expert in the world of opera know what to say where to say it what not to say where to be seen and even what to wear never again confuse a castrato with a contralto a prima donna with sopratitoli or o sole mio with an ice cream advert bask in the admiration of your fellow opera lovers as you pronounce confidently on the merits of donizetti's bel canto over wagner's leitmotiv and hold your own against the most sneering of opera buffs
